

I would highly recommend the collaborative divorce process with Michal Kaempfer and her team as I experienced a professional, meaningful and efficient process. Michal not only provided professional legal advice but also emotional support when needed and nothing was too much for her. She is a lawyer who is also empathetic and patient to her clients needs in the difficult time.

The team work helped me to get through the difficult time as I had wonderful divorce coaches, an excellent child specialist and superb lawyers working together to make the process easy. Each team member put in a lot of effort to make sure that in the end I would be satisfied. The coaches helped me to get through emotional difficulties and problems that were faced and the lawyers were patient and hard working. The child specialist helped us to make important decisions regarding the well being of my child. Without all of this collaborative work, I would not have managed so easily in the divorce process. The collaborative process allows for a smooth transition into divorced life without the litigation battles in court. It assists in finding proper solutions to disagreements and problems. I recommend this to every person who wants to get divorced in a professional and helpful way. Thanks to you all!
